FARIS SOLIMAN

Raleigh, NC | 980-333-3245 | fasolima@ncsu.edu |

linkedin.com/in/faris-soliman | github.com/Farissoliman | farissoliman.dev

Skills Summary:

Programming: HTML, CSS, JavaScript, Python, Java
Tools/Frameworks: Django, Jquery, VSCode, MongoDB, Figma, Adobe XD, Git

Education

BS in Computer Science / May 2025

North Carolina State University

High School Diploma / May 2022

North Carolina School of Science and Mathematics

Projects

Personal Website (farissoliman.dev)

Technologies: JavaScript, HTML, CSS, Git, Figma

- Built my own personal website showcasing my skills and experiences.

Student Database

Technologies: JavaScript, HTML, CSS, Python, Django, MongoDB

- Built a database app for Lake Norman High School to store, manage, upload, and organize student documents (absence notes, tardy slips, doctor notes, etc.) digitally.
- helped reduce the workload, promote organization, and allow for a cleaner, simpler, and more modern database

Work History

Volunteer / November 2019 – August 2022

Experimental Aircraft Association Chapter 309

- assisted in the hands-on building of a Vans RV9 aircraft
- completed various rigorous and labor- intensive tasks and performing them accurately, showing my reliability and capability both within a team and working independently
- used strong interpersonal communication skills to convey information to team-mates/ co-members
